

## ENVIROMENTAL RESEARCH GROUP

Contact person/Group leader: Prof. Asoc. Sonila Duka

### Affiliation

Department of Chemistry, Faculty of Natural Sciences, University of Tirana, Albania

### Mail address

Office 308, building A, blv. Zogu I, No. 25/1, 1001 Tirana, Albania

### Email/website

[sonila.duka@fshn.edu.al](mailto:sonila.duka@fshn.edu.al); [soniladuka@hotmail.com](mailto:soniladuka@hotmail.com)

### Group Members

Prof. Asoc. Sonila Duka, Dr. Loreta Vallja, Prof. Dr. Majlinda Vasjari, Dr. Nevila Broli

### Google Scholar

### Research Gate

### Research lines

- (i) Assessment and speciation of nutrients and chlorophylls in environmental samples and evaluation of environmental situation in various ecosystems.
- (ii) Preparation of an ilmenite-based nanomaterial (IbNM) and assessment of its efficiency for the immobilization heavy metals in contaminated soils.
- (iii) Determination of heavy metals in environmental samples and evaluation of environmental situation in various ecosystems.
- (iv) Mercury speciation and other heavy metals speciation.
